- 2. You need to save the setting and everything will be updated in the Applications
- 3. Term and condition is also part of the Checkout management. Locate to Simiconnector/ Connector Settings/ General Settings/ Term and Condition
  - Show Terms and Conditions: Choose to Yes or No to show Term and condition
  - Terms and Conditions Title: the title to be display for your end user. (Terms, Notes, Shipping guides.. etc)
  - Terms and Conditions Content (HTML): create a HTML version of your terms and conditions here so that it will be display in app perfectly.
